

GOODYEAR
ROAD THERAPY

Go up to **100,000 KM*** with
GOODYEAR AssuranceDuraPlus®

with **TredLife** Technology™

Now with a reinforced layer from

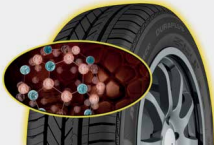

*Tire mileage projection as tested by Goodyear Testing Division in size 185/65R14 on Thailand roads. Distances between cities are estimates of straight point to point distances in kilometres.

RANGE: VALUE

MAIN FEATURE: COMES WITH TREDLIFE TECHNOLOGY FOR LONGER LASTING TREAD

BENEFITS:

DURABILITY **ADVANCED CARBON BASED TREAD COMPOUND**

The compound with higher carbon content provides higher resistance to road wear, thus help improve tread wear performance

高科技高碳黑分子链胎面配方具有较高碳含量的表面在道路行驶时提供更佳的耐磨效果,从而减低胎面磨损性

MILEAGE **OPTIMIZED WIDE FACE CAVITY**

The larger tread width design from optimized cavity shape puts more wearable rubber in contact with the road

优化宽面模腔

从溶腔形状优化成更宽的胎面设计,能放置更多适合路面接触的耐磨橡胶

MAXIMISED RUBBER VOLUME

Maximized road contact area. Deep tread depth resulting increased wearable rubber volume

增大胎面胶量

增加与路面接触的范围。胎面的深度将增加橡胶的耐用度

DUPONT™ KEVLAR® ENHANCED DURABILITY

Used in military grade equipment, this lightweight material maintains stiffness and strength even under high temperature conditions when the tire is in motion, giving drivers' added protection against road hazards

DUPONT™ KEVLAR® 提高耐受性

使用于军用等级产品,轻量化材质、坚固且耐高温,无论在任何驾驶条件下,都可为驾驶者提供更高的保障与安全性

AVAILABLE SIZES:

Size	Car Fitments
165/55 R14 72H	Perodua Viva, Kelisa
185/60 R14 82H	Proton Saga, Hyundai Accent, Hyundai Getz
185/65 R14 86H	Hyundai Matrix, Nissan Sentra, Hyundai Getz
185/70 R14 88T	Toyota Avanza
195/70 R14 91H	Nissan Serena
185/65 R15 88H	Nissan Almera, Nissan Grand Livina, Toyota Avanza
195/60 R15 88U	Naza Citra, Naza Kia Rondo, Proton Persona
195/65 R15 91U	Proton Exora, Nissan Sylphy
